

QUALITY POLICY

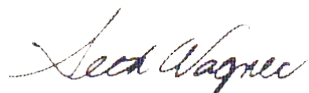

It is Fabrïk's Commitment to meet the ever-growing world class quality objective. That objective states, "Quality Is the Conformance To Requirements and Specifications Which Meet or Exceed Customer Expectation."

Fabrïk's Quality Commitment is met through defined DETECTION and PREVENTION methods. These methods are initiated, demonstrated and accomplished through our institution of strong training, quality, tooling, and processing plans.

Fabrïk provides an environment for total employee, supplier, and customer involvement. Through ongoing education and communication, Fabrïk fosters a strong continuous improvement program.

Within this environment, and emanating from it, is a dedicated participation to the meeting or exceeding of specified and implied contract equirements with the objective of achieving 100% customer satisfaction.

SETH WAGNER

PRESIDENT – FABRÏK INDUSTRIES, INC.
